# Farmers Blow Up U.S. Could Resist Macmillan Arrives Wabash R. Levee Gen. Taylor Says In Moscow For Talks

#### To Expedite Drainage Of Their Land

ST. FRANCISVILLE, III. (AP) — A Wabash River levee was dynamited by farmers Saturday on the Illinois side of the stream six miles northeast of St. Francisville, starting a runoff of backwaters impounded on some 33,000 acres of farmland.

The blast broke the dike just west of Vincennes, Ind., and across the river. It started a new flow into the slowly dropping Wabash which was still 6 feet above flood stage in Vincennes Saturday morning. The present flood is well downstream from

The southeastern Illinois levee explosion was a surprise to officials in the flood area. The dynamiters were farmer residents of the flooded farm area seeking to expedite drainage of crop land. The effect of the added river

burden on downstream commun ities was not immediately appar ent. However, it was not expected to raise the Wabash level ap-The new break tapped a wide

lake of flood waters in Lawrence County which formed following a levee break caused by flood pressure several days ago in Russell-ville, about 10 miles north of the dynamiting scene.

The levee is owned and main-tained by taxes by the Russell-

# To War By 'Muddle' MOSCOW (AP) - As a

guest of the Kremlin, British Prime Minister Macmillan Saturday night challenged the statesmen of the world to reduce the danger of war that might arise through "miscal-culation or muddle."

The first British prime minister to visit Moscow since the war, Macmillan arrived wearing a light gray fur hat that delighted the Russians.

He and British Foreign Secretary Selwyn Lloyd are here for 10 days of talks they hope will reduce world tensions.

But Macmillan made it clear to Soviet Premier Nikita Khrushchev at the very outset that he had such as the Berlin crisis, on which he wanted to negotiate.

A Kremlin Palace dinner climaxed his first day in Moscow. The text of his address there was released in advance. He said Britain does not fear

acts of calculated aggression, 'and I hope that you do not." In this day and age, he added, "such aggression between the great powers, at least, would be suicidal folly.

"At the same time it is impossible to hide from ourselves the

Now 78 years old and numbed by successive strokes, George Catlett Marshall lies near death at his Pinehurst, N.C., lodge. The man whom Harry Truman once called "the greatest living American" found his highest interest in the military field. At left, Chief of Staff Marshall is shown in November, 1943- commander of millions of men, dictator of America's global military policies. He retired in 1945 after 43 years in the Army only to be recalled in 1947 as Secretary of State. In November of that year, he pleaded before Congress, center, for the billions of dollars to operate the Marshall Plan-the plan which saved Western Europe from economic disaster, stayed communism's march

a kidney operation, he again retired. Again he was called to his country's service. This weary man was photographers' target, right, after President Truman named him Secretary of Defense to handle Korean War mobilization in 1950. A year later, he left Washington for a measure of privacy in Leesburg, Va. In 1953, President Eisenhower appointed him as his personal representative at Queen Elizabeth's coronation. Marshall once stated his hope of peace for a warring world: "We must take the nations of the world as they are, the human passions and prejudices of peoples as they exist, and find some way to secure for us a free America in a peaceful world."

# 6th Annual Newspaper Conference Concludes Activities

**DECATUR EDITOR COUNSELS STUDENTS** 

Buryl Englemann, Executive Editor of the Decatur Herald and Review, discusses problems in layout, makeup, and typography with one of 60 school delegations to MacMurray's sixth annual news conference. With Bob Greenaway, Ralph Ulrich, and Jacob Scher, he conducted LM&T clinics continuously from 9:30 Friday morning until 4:30 Saturday afternoon, for all conference delegations. Most had made reservations long before the conference began. Englemann had one of his photographers, Roger Turner, conduct a clinic on the technical aspects of photography, Saturday afternoon. Ed Wojtas, President of the Illinois Press Photographers, assisted.

#### STUDENTS LISTEN AT FEATURE WRITING SESSION

The amateurs in the field of journalism here are listening attentively to one of the top pro's as he describes feature writing in Phu Nu Hall at MacMurray. Unseen, but heard, is Maurice Fischer, City Editor of the Chicago Daily News, as he addresses these students. Fischer, who has been a regular "conference faculty member" since its inception, succeeded the late Clem Lane as City Editor of the Daily News. Lane succumbed to a heart attack several months ago

#### CHRONICLE EDITOR COUNSELS STUDENTS

Bob Greenaway, right, Editor of The DeKalb Chronicle, seems to be giving the cameraman a dirty look here during an interval in his counseling activities with a Missouri high school delegation. However, the picture is deceiving, since the goodnatured Greenaway is actually concentrating seriously on the arduous task at hand. A member of the United Press Illinois Newspaper Editors Association, Greenaway consented to help out with the MacMurray conference while the UPINE was meeting in Jacksonville Saturday, Feb. 21. He arrived Thursday evening with most "conference faculty" and participated in seminars Friday and Saturday.

#### WHAT ARE PRESS RIGHTS AND RESPONSIBILITIES?

One of MacMurray's conference highlights was the panel discussion held Saturday morning in Main Hall on "The Rights and Responsibilities of the Press." Here are pictured the panelists and moderator, left to right: Jacob Scher, Robert Kennedy, Dean I. W. Cole, Queen Elizabeth were the first and President Louis W. Norris. The panel, attended by approximately 200 conference del-reigning English sovereigns egates, developed into a stimulating discussion that lasted three hours.

#### Turner Ends Victorious Season With 15-2 Record

Turner Junior High journeyed 52 to Hillsboro Friday night and ended their season with a 55-47

After a red hot first half in which they dropped in 34 points Turner suddenly cooled off in the third period and the local hill toppers found the range and came within three points in the dater stages of the game, But the Jacksonville crew staved off this rally and finally won by eight points, This proved to be the best season's record for Turner in the past four years as they ended with a 15 won and two loss rec

Litchfield was the only team Lake Forest 66, Watertown to defeat Turner this year, They won the first game at Jacksonond game at Litchfield in an

# Harry Grayson's SCOREBOARD

Harry Grayson is on vacation By JIMMY BRESLIN NEA Staff Correspondent

NEW YORK - (NEA) - The problem started in high school. The classrooms had no clocks but on fall afternoons it was easy to tell time because horse races in New York go off every half hour

From behind the football field, at Aqueduct Race Track, Fred Capposella's voice boomed over the loud speaker every 30 minutes, breaking into a geometery class with news that "It is now post

People were sending it in at the track. Yet down on the avenue, only six blocks from an Aqueduct \$5 win window, old ladies and working men would walk into a paint shop, go behind the counter into the

THE COP ON THE BEAT never paid any attention to the p'ace, except to duck inside now and then and make a little play

With these facts at hand, it was hard to come out with a sensible solution to the question of morals in betting.

Now, with Mayor Bob Wagner of New York City, the state's governor, Nelson Rockefeller, and his legislature in the deal the issue of betting legality has become more perplexing, rather than

Wagner, who needs money to run his shop, wants off-course betting legalized. A committee he appointed came out, 4-2, for it. It's either this, Wagner says, or a higher sales tax. Bills for betting

The governor has been busy calling for New York tracks to run for additional lengths of time in order to get more state revenue. Yet he insists he is against off-course betting on moral

SOME LEGISLATORS, MOST OF WHOM are solidly aligned Bowling Berths against the off-course deal, note with hysteria that small children will be crying in the streets for cereal while mothers buck the neighborhood mutuel shop with their last two dollars. Legalized betting will brother combination from Chicago ered first place medals for the Jax. To Win Widener

Then there is the problem of illegal bookmaking. The general notion is that it would do anything but eliminate bookies, who handle bets on credit while the machines demand ready cash. Their "unholy alliance" with police would continue.

All of this is loaded with hypocrisy. To begin with, one dissenting vote on Wagner's committee came from John A. Morris, who happens who had held the two-man lead to be a big man in racing. The sport is opposed to any off-course deal. Yet Morris' family tree takes you back to the Louisiana Lottery.

And as far as people betting too much, all anybody has to do is walk through a track's general admission section. You'll see people with holes in their shoes and frayed clothes and they'll be playing with the month's rent.

MUTUEL MACHINES GLADLY take their money. We've been In good-sized crap games, run by better names of the underworld, and leads in the singles competition seen tough guy chase players because they're too deep in living debts. with a score of 700. Another De-

A legislature will not make a human being out of a gambling degenerate. This type of person has the fever and neal get rid of any money he can find or steal. Nor will a law make a gambler out of an Rawls And Suggs average person. Perhaps for a short time the novelty of playing will produce action from heretofore quiet quarters, but it will die down and the only people who'll make bets off-course are those who always

business. They would change section 986 of the penal code to a felony Rawls and Louise Suggs retained instead of a misdemeanor. Instead of a \$50 fine for takin' bets you'd their fied-un lead Saturday in get 2-5 in the can. I don't know a dealer who would stay in action at the Lake Worth Women's Oper

Also, horse bookmaking, since the Continental Wire Service

New York politicians, like those elsewhere, are engaged in an a 50-yard chip shot that helped and boosted its hopes for a high endless struggle for piety. These facts of sporting life don't register her round the turn 3 under par. finish in the Big Ten basketball with them. To do it right, they should open up gambling. If not offcourse betting on horses and other sports, then at least a lottery. As a sports town, it is a top betting market. Laws or not.

#### Finnegan Upsets Tomy Lee In \$56,000 Handicap

given a last-minute blessing by a rainbow, upset the highly favored Tomy Lee to win the \$56,000 San S2,50, and the well-beaten Royal Felipe Handicap at Santa Anita Orbit, with Eddie Arcaro in the

the California-bred colt, owned by ney-sportsman,

Tomy Lee, runner-up to First aboard. The two put on a seesaw battle most of the way around the country last year, went to the post the odds-on favorite of the crowd of 36,000.

Time for the mile and one-six- length raced.

Announcing Our Appointment As Distributor Of ...

Spencer Chemical Company, one of the world's largest producers of nitrogen fertilizer, has selected us to serve as their URA-GREEEN representative in this area. We are proud to be able to offer you these non-pressure nitrogen solutions with a proven record of results and profits.

# Easiest Way Yet To Put On Nitrogen!

No bags to lift, no special pressure tanks are needed for applying Spencer URA-GREEEN! Because it is a non-pressure nitrogen solution, URA-GREEEN can be applied with any tank equipment. It does not require deep soil injection-can be sprayed on or dribbled on. Goes on faster because there are fewer stops for refilling! You can apply URA-GREEEN yourself, or we will apply it for you!

Contains three types of nitrogen to "feed" your crops all through the growing season! Spencer URA-GREEEN includes (1) quick-acting nitrate nitrogen to get crops off to a fast, strong start; (2) ammonia nitrogen, and (3) urea nitrogen to keep crops growing steadily. This smooth, even release of nitrogen helps your crops make higher yields per acre, higher profits

URA-GREEEN is recommended for corn, cotton, small grains, pastures, sorghum, millet, sudan grass, rice, cabbage, tomatoes, sugar beets, grass, hay and most other crops. URA-GREEEN can be used as a plowdown application, as a top-dressing, or for side-dressing. And just look at the results you will be aiming for when you use URA-GREEEN:

Results show that on corn, for example, you can expect to get twenty extra bushels of corn per acre by applying 80 pounds of actual nitrogen per acre. If you got \$1.10

per bushel for your corn, you would still make at least \$10.00 extra profit per acre—even after your URA-GREEEN costs were paid in full!

So this year, go after extra yields and extra profits per acre with Spencer URA-GREEEN. See us right away for more information on Spencer URA-GREEEN-the easiest way yet to put on nitrogen!

#### Symbol Of Sincerity

In the midst of cold wars, space races and multibillion-dollar budget hassels, the nation pauses once again to observe the anniversary of George Washington's birth.

How far away it is getting, now 227 years. Washington's birthday now stands just about midway between the date of Columbus' first voyage and our own day. History goes on, and as if seen from the back of a vehicle speeding along a road, events flash past and recede farther and farther into the distance.

It is hard for us to imagine the world as it was in Washington's day, when the divine right of kings was the ordained order of life and the word "democracy" was distasteful even to some to whom kings were distasteful.

Washington was born into a time of intellectual revolt which was later to be translated into lasting social revolution. Not only this country but the whole world over has experienced innumerable revolutions since then political, economic, scientific, as well

But one thing unites us with Washington and his time, aside from the fact that we are the inheritors of the nation which he helped found and nourish. And that is the intellectual spirit of his era, the flowering of rationalistic thought in the 18th century which found its highest expression in phrases such as "the rights of man," "liberty or death," "all men are created equal," "liberty, equality, fraternity."

Too often we pay but lip service to those ideals. Too often the Communists are able to throw the phrases in our teeth, and too often we can make no honest reply.

We must not lose touch with the ideals of Washington, especially under the threat of Communist competition for the national souls of the many new nations which have overthrown foreign or domestic tyranny and started on the often-perilous road of democracy in

May they never have reason to cease looking to America—the land of Washington-for inspiration and help.

#### Youth On Wheels

Relentless though it be, the campaign for safer driving often seems to produce too few encouraging results. Consequently, we can't afford to overlook opportunities to make substantial inroads on the problem.

One place this prospect may exist is among our youthful drivers. As a group they are more inclined than their elders either to become involved in or to be responsible for automobile

According to the Association of Casualty and Surety Companies, young men under 25, from coast to coast, have the worst driving records. Though they represent just 15 per cent of all drivers, they account for some 25 per cent of all the accidents.

Within the younger age brackets, differences are less clear, but some studies tend to show that the youngest drivers are the poorest. A Connecticut motor vehicle bureau survey showed that the percentage of 16-year-olds in- of B students doing it, but 41 per cent volved in accidents and the percentage held at fault were both twice as great E's. as the percentages for 17-year-olds.

younger drivers tend to become involved in the more serious accidents.

Most studies by official state agencies, safety organizations and insur- cepted?"

ance companies usually support these general findings.

The accident statistics, incidentally, do not yield the same conclusions for young girl drivers, whose record is as good as that of adults.

More and better driver training is, of course, one big and obvious answer. Many schools offer it now, but many do not. Opinions vary as to whether it should be a school function, though no one questions the need for the instruc-

Possibly we need more uniformity in state laws on the licensing of young drivers. There is wide disparity in this field, with 16 years the minimum in Harry Truman who will be 75 brainwashing. some places despite the evidence of high accident rates at that level.

Maybe, too, Americans as parents separate parties at the same she succeed? One wonders." need to reconsider the wisdom of allowing their younsters to have cars at school. A study made by a Rexburg, Idaho, high school found no A students day cake will be, a DNC spokes-driving cars to school, just 15 per cent driving cars to school, just 15 per cent driving cars to school, just 15 per cent driving cars to school, just 15 per cent day cake will be, a DNC spokes-party, she immediately started tion for the first trip to the woman explained. It must be admitted that KTLA possesses certain advantages. The parent is the munificent Paramount Pictures-yet KTLA pays its own way. And it is situated in the heart of the entertainment capital and can draw from the vast reservoir of talent

Aggressive young KTLA chief Jim Schulke explained that video tape helped his revolt against canned programming. He feels it can help others.

"Most stations can only afford eight-hour shift of a camera crew," he explained. "That limits your chance for local shows to a certain time span. But with tape, those crews can record shows for use at a later time."

Video tape records picture and sound on strips that can be played back immediately. Similar to faster and cheaper than film. The method permits KTLA to attempt ambitious shows because they can be syndicated to other areas. Sponsors like local shows,' Schulke added. "They find a certain excitement about putting their names on programs that are

ly buying into a canned show.' le has also found that news for viewers. KTLA has newscasts every hour on the hour during the

# Patrons Strength Of Beaux Arts Program

The Phebe Gates Strawn Memorial Room at the Strawn Art Gallery on West College avenue, restored recently through funds received from patrons of the 1958 Beaux Arts Ball and a 'flea market' held in the spring, is an appropriate setting for discussing plans for the 1959 Beaux Arts Ball and program to be held April 11. Shown in the picture are, left to right, Mrs. Martin Cohen, chairman of publicity; Mrs. Paul Hartley and

Mrs. Richard Lukeman, co-chairmen for activities and Mrs. Wadsworth Applebee, chairman for patrons committee.

The restoration of the room was completed under supervision of Mrs. Warner Newcomb with many of the original appointments and pieces of furniture made available through the initial Beaux Arts Ball in Jacksonville, sponsored by the Jacksonville Art Association.

## Meditations for Cent

BY THE REV. EDWIN T. DAHLBERG. D.D. President of National Council of the Churches of Christ in U.S.A. Pastor of the Delmar Baptist Church, St. Louis, Mo. (Written for NEA Service)

#### LOVE KNEELING

John 13:3-5, "Jesus, knowing that the Father had given all things him staggering, while the slug caliber revolver and pushed the into his hands, and that he had come from God and was going to God rose from supper, laid aside his garments, and girded himself with a towel. Then he poured water into a basin, and began to wash the disciples' feet, and to wipe them with the towel with which he was girded." (Revised Standard Version.)

The late Dr. Hiram Foulkes, after witnessing a feet washing cereony of the Church of the Brethren, was so impressed that he straightway returned to his church and preached a sermon on the ubject, "Love Kneeling."

2-21

Jesus was an example of such love. The night of the Last Supper there had been much tension among the Twelve as to who was to occupy the highest place in Christ's kingdom. What was their amazement to see Jesus himself, in a spirit of great majesty and ministry rise from the table and kneel at their feet with a basin and a towel. as he took over the duties of a servant in that sandaled, dusty-footed

A famous Methodist preacher of a generation ago, Dr. Gunsaulus, said of this act of humility, "Jesus could have taken a star. Instead, he took a basin and a towel."

We need such a love as kneels before God in penitence and prayer. NOT THAT KNEELING is the only possible posture in prayer. We can pray standing up, or walking, or sitting down, or lying in bed But to get down on our knees in prayer is a significant religious act, when sincerely and humbly done.

One time I persuaded a chronic drunkard—an alcoholic, we would call him today—to kneel down beside me in his cell on the workhouse floor. Instinctively I put my arm around his shoulders as we prayed "How could you do that for a bum like me?" he asked. But he surrendered his heart to his Maker and became a fine, rugged Christian.

to the house just as I was getting ready to come down to the church this evening and offered to open up a bottle with me. But I told them I was through with that stuff. I had given my heart to God, and I intended to stay by it."

He did, too. He was a faithful Christian to the day of his death But it all began with a prayer of penitence, kneeling. We need love kneeling not only in prayer but in service.

I CAN STILL REMEMBER how back home on our farm in westkitchen floor with a scrub brush. How vivid is the picture of her brushing the hair out of her eyes with the back of her hand, as she

Once I barged in at just such a moment with good old Shep, the dog, who bounced happily around the floor, wagging his tail, and licking mother's face in passing. She had to scrub the floor all over again where we had tracked up the clean but still moist surface. She promptly and vigorously banished us again to the out-of-door but without anger.

That was love kneeling in service—a sacrament of religion as truly

It was the splendor of love like this that Jesus had in mind when Skipping lightly over the bid- on the night before his crucifixion he prayed that the glory God had ding we find that South is de-given to him might be given also to his disciples. Little wonder that larer at three no-trump and the one of the most moving hymns often sunk at the Lord's Supper is the

the ace because if he false cards enable us to kneel before Thee and before our fellowmen, not as slaves, with the ace he clearly shows but as joyous heirs of Thy rich grace in Christ, We bless Thee for all who have ministered to us in His name from the days of our childhood. His next play is the ten of May a new glory be added to human life because of Thy many servants ubs from his hand and small who in true humility and self-forgetting service continue to practice rom dummy. At this point we the religion of the basin and the towel. Amen.
